Fuller Center for Housing Armenia is a non-government, charitable organization that supports community development in the Republic of Armenia by assisting in building and renovating simple, decent and affordable homes, as well as advocating the right to decent shelter as a matter of conscience and action.

"The people amazed us with their generosity, their kindness, and their cheerfulness in the midst of hardship and hard work. With the Fuller Center, we had the privilege of working with, not for, the people we had come to serve, and we came to admire their strength and resilience."
